

# **COMPETITORS REPORT**

## Our Fluids Outlast All Others ... even ones costing many times more!

#### **ABOUT THE TEST**

630, FG, HF & LT

We chose 6 competing products\*, ranging from low budget hot oils to some of the more expensive premium fluids from Exxon Mobil Corporation®, Dow Chemical Company®, Paratherm Corporation®, Petro-Canada Inc®, Momar® and Multitherm LLC®

### **ABOUT THE METHOD**

IP48 is an International Petroleum test standard in which 40ml of fluid is exposed to 400°F with 15L/h of air blown through the samples for 24 hours. This accelerates the aging process and shows a fluid's resistance to oxidation.
